

Tableau In-Class Exercises Instruction

Getting Started with Tableau

1. First, download the Tableau Public desktop:

<https://www.tableau.com/products/public/download>

2. You will also need a Tableau public account. You can sign up here:

<https://www.tableau.com/community/public/get-started>

Datasets

Data for the in-class exercises can be downloaded from Western PA Regional Data Center.

Download the `.csv` files for each of the following and save them to your desktop:

Dataset 1: Public Blotter Data

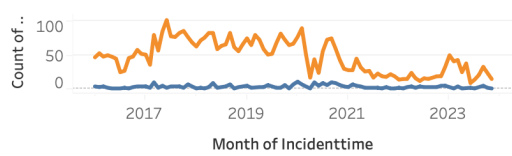

<https://data.wprdc.org/dataset/police-incident-blotter>

Dataset 2: Pittsburgh Police Arrest Data:

<https://data.wprdc.org/dataset/arrest-data>

Sample output dashboard (see below)

Timeline for Marijuana Possession and Sales

Age and Gender Table

Gender	AGE (group)			
	Under 18	18 to 29	30 to 59	Over 60
